MINUTES.

MINUTES OF THE MEETING OF THE COMMITTEE HELD BETWEEN REPRESENTATIVES OF THE STATE SCHOOLS' SPORTS ASSOCIATION AND THE LEAGUE EXECUTIVE ON WEDNESDAY JULY 22nd. 1932.

Present, Mr. W. Stooke in the Chair, also Mr. Jeffery & the Secretary. The following Representatives from the Schools' Association were present, Messrs. Radburn, Hamilton, Abraham, Lewis, Byrne & Buchanan.

At the outset the Chairman expressed his appreciation of having the opportunity of discussing matters of mutual interest as it affected Football in the Schools.

Mr. Radburn remarked that it was becoming increasingly difficult to finance sporting activities in the Schools. In the past the League had assisted, but he would like to have the League's assistance placed on a definite foundation. The Schools were all hard up to keep the game going. He understood that there was a fund earmarked by the League for the purpose of assisting the Schools. Mr. Abraham stated that it was difficult to keep the Australian game going, their chief difficulty was finance and particularly the supplying of Footballs. Even with the reduced price of Footballs some Schools are finding it difficult. Some of the larger schools are a bit better off but with the smaller Schools there is definitely a hardship.

The "B" Grade Group have asked for the League to supply them with two free Footballs. When that request came before this Association it was thought better to go into the whole project as he considered there was not quite a close enough contact between the League and the Schools. He suggested that some person be authorised by the League to visit the Schools in each Club District. Each League Club should act as a sort of foster parent to the Schools within such League Club District. The East Perth Old Footballers Association was very active in this direction but there may be others acting similar of which he was not aware.

The uniforms of the Schools team was very unsatisfactory, this was caused through sheer hard times and applied particularly to boots. He thought it might be possible for the League to subsidise the supplying of boots to School teams.

A regular Coach would be a wonderful benefit to the game in the Schools. Sometimes the members of the staff have not the ability to perform Coaching duties and this was particularly in evidence in the smaller Schools where there is only one man.

It was pointed out to the Delegation that the assistance given by the League to Schools and which was on a basis previously agreed upon by the Schools Representatives was as follows --

- Half payment of Footballs.
- Payment of Trophies for Premier Teams.
- Payment of Umpires for Fremantle Division.
- Payment of Umpires for Saturday Competition.
- The League also hires grounds for Junior Football and provides a Trophy for the different Schools Association.

During the 1931 season the League paid half cost of 139 Footballs.

It was decided that the points for discussion should be as follows -

- (a) Footballs at concession rates.
- (b) Free Footballs.
- (c) Subsidising of boots & uniforms for schools teams.
- (d) The provision of coaches to schools.

In regard to () and () it was agreed to submit to the League the number of free footballs that it was desired to give to the Schools and that the Schools' representatives should be consulted on the allotment of such free footballs to each school.

In regard to (c) it was resolved by the Schools' representatives that it would be preferable to submit the matter to the League as to the supplying of boots and uniforms and that the supply of footballs would be of greater advantage.

In regard to (d) it was agreed to recommend to the League that each League Club be asked to arrange for a meeting of representatives of the Schools within their Districts to discuss the matter of assisting the Schools particularly in the direction of the supplying of coaches.

INTERSTATE VISIT 1923.

Mr. Abraham asked if the Executive could give any indication of what assistance the League or its Clubs would be prepared to give to the Interstate School Boys' Tour of 1923. He indicated that the schools were making some efforts themselves to institute a fund for this purpose. It was agreed to hold this question in abeyance for the time being.

FREMANTLE DIVISION.

Mr. Lewis & Mr. Buchanan sought information regarding assistance to the Fremantle Division. They were advised that at their own request, Fremantle received payment for umpires in lieu of assistance for footballs. Mr. Lewis & Mr. Buchanan contended that the Fremantle Division should make its request for assistance through the Sports Association and that the Sports Association should have the money set out down the assistance with umpires given to Fremantle if it was found to be in excess of that which is given to other schools.

SATURDAY SCHOOLS' COMPETITION.

Discussion ensued on the desirability of reviving the Saturday Schools' Competition. It was explained that the Junior Technical School had to withdraw from that Competition owing to the difficulty of securing a member of the staff with the team. There again was the necessity for an outside coach if one was available. The Delegation was asked if they would have any objection to the League conducting the competition direct. The Controlling Body to be the representatives of the Competing Schools.

The Competition to be controlled under the direct jurisdiction of the League. The Delegation were unanimous in expressing the opinion that such a proposal would be workable and acceptable to them.

CONTINUED.

SCHOOLS FOOTBALL.

In 1925 at a Conference between Schools' Representatives and the League Representatives it was agreed, at the request of the Schools' Representatives, that the League should assist the Schools by undertaking the half payment of Footballs and the providing of a framed photo for the Premier Team of each Division.

At a later Conference the Premature Schools' Representatives advised that the assistance that they would require from the League would be the payment of Umpires and a framed photo.

This policy was adhered to until 1931 when some divisions requesting payments to be provided in lieu of the framed photo. This was acceded to.

In 1928 the absolute control of football in the Schools and the control and organising of School Boy Carnival Teams was undertaken by the State Schools' Sports Association. The assistance to be rendered by the League in the past to remain unaltered.

On May 9th 1929 the deputation from the Schools' Association met the Finance Committee of the League to discuss the financing of their Carnival. All their requests in this connection were acceded to. They also requested that the Schools' Association be given the definite distribution of the Schools & Juniors funds of the League. They also requested the control of the distribution of Footballs to the Schools by the League.

After a general discussion on the League's policy on these two matters the Schools' Representatives did not press the requests and consequently the requests were not agreed to.

+++++oO+++++

26th June, 1932.

Mr. President & Gentlemen,

The departure from the present system of paying the half cost of footballs to schools in favour of the giving of a certain number of free footballs to the State Schools is, in my opinion, not in the best interests of the League or the schools generally.

During 1931 - 32, 49 State Schools received orders for balls at half cost, and 9 Catholic Schools. Total 58 schools.

The number of balls supplied during 1931 were 132 to State Schools and 17 to Catholic Schools. Total 149.

Last year was recognised as a bad year economically yet the schools were able to finance 149 balls.

We cannot give less than one football to each School and if we give one free to the State Schools we have to do the same with the private schools.

That will be a total of 58 schools. One ball each at 12/6d. = £36.15s.0d.

If we give only one free ball to each school, what is going to happen to the bigger schools like Perth Boys', Fremantle Boys' & Junior Technical, who require 12, Midland Junction, Subiaco, Thomas Street, Victoria Park & Fremantle C.B.C. who require 6, and the other schools who require 4, 3 & 2 as the case may be.

Last year 1931, we gave orders for 149 balls. To date this year we have given orders for 101.

Through our agency we know that 149 balls were in use during 1931. We cannot provide all the balls free. They would cost £46.17.6. and the Schools' Representatives agreed that that could not reasonably be considered.

⁴⁶ If we reduce the number by half, viz., 50 at 12/6d. £25.0.0., ~~48~~ schools will receive one ball and 12 will receive two.

That is definitely no good to the schools who require 12, 6, 4 or 3.

Our present assistance is practical. The raising of 6/6 is not as difficult as the raising of 12/6. Raising the giving of one free ball would make it difficult for the schools who require more than one ball to finance their further requirements.

In the division that asked for two free balls, which led up to the general request for free balls, only two of the seven competing teams had come to the League for assistance this year. The school which is undefeated in the competition, Inglewood, is amongst those which has not come to the League yet.

I suggest that the League should but that the Schools' Representatives be asked to determine the number of balls to be issued at various times to the different State Schools.

Yours faithfully,

John

MINUTES OF THE MEETING OF THE COMMITTEE BETWEEN REPRESENTATIVES
OF THE LEAGUE AND THE W.A.C. ASSOCIATION HELD ON FRIDAY JULY 30th
AT 5 p.m.

The League was represented by the Acting-President, Mr. W. Boone
& the Secretary.

The W.A.C.A. were represented by Mr. K.C. Randall & Mr. W.W. Sneyd.

The Conference was the outcome of a communication which had been
received from the W.A.C.A. Association requesting that the League
should leave October 15th as an open date so as to permit them to
conduct their Grand Final Match. The League desired to work in
harmony with the Cricket Association and with this purpose in
mind requested their views on the proposal.

The Agreement between the Cricket Association and the League provided
that one ground shall be reserved for the completion of the programme
of matches up to and including the 3rd week in October.

The W.A.C.A. Representatives after discussing the matter offered no
objection this year to the proposal and intimated that they would
be taking the matter up with the League at a later date with a

The number of schools participating in these competitions total 35, whereas the State Schools provided with concession rate footballs during 1931 numbered 49. This list was regarded as being most useful to the League, and the Schools' Representatives were thanked for their efforts to arrive at a suitable basis of distribution.

THE LEAGUE SATURDAY COMPETITION.

In connection with the decision to revive the League Saturday Competition during the coming season, discussion took place in regard to the constitution of its controlling body. It was suggested that the Competition should be controlled by an Organisation which would consist of a Representative from each competing team and Representatives from the League.

This controlling body would in turn be empowered to elect a Representative on the Schools' Sports Association Executive. Under their constitution this Representative would have to be a State School Teacher and a Member of the Teachers' Union. It was suggested that when the Meeting is called the State Schools invited to participate should be invited through the Schools' Sports Association, the League to communicate direct with the non State Schools.

MINUTES OF THE MEETING OF CLUB SECRETARIES HELD ON THURSDAY AUG. 17. 1911

Mr. W. Stooke in the Chair, also Messrs. L. Jones (East Perth), Reid (West Perth), Hamley (Claremont-Cottesloe), Skipworth (Perth), Buggins (Subiaco), McCabe (East Fremantle), & Winch (South Fremantle).

The business of the Meeting was to give consideration to a proposal that the League Clubs should conduct an annual picnic.

Mr. Reid outlined the idea which was to conduct a combined picnic and sports gathering which would have the effect of creating a good feeling amongst players and supporters of the different League Clubs. Sporting events could be arranged and a footballers championship might be inaugurated.

By utilizing the train service say on a run to Mundaring Weir or Serpentine Falls there was always the possibility of making a profit as the special train could be bought outright.

He advised that a 10 Coach train would cost £55 with accommodation for approximately 650. If the Clubs were able to sell tickets which represented a full train any profits that were made could be devoted to the expenditure of conducting the picnic. Arrangements could be made for these tickets to be available from Fremantle to Perth and return.

MINUTES OF THE MEETING OF THE CONFERENCE BETWEEN THE LEAGUE
EXECUTIVE AND THE SCHOOLS' AUTHORITIES HELD ON MARCH 15th.1933.

Mr. W. Stooke was in the Chair, and there were also present Messrs. W. R. Orr The League Secretary, Messrs. Radburn & Abrahams Schools' Sports Association, Mr. Miller Junior Technical School, Mr. Buchanan Claremont, Mr. Cook Perth Boys', Mr. Quinn Fremantle Boys'.

Mr. Stooke after welcoming the Representatives explained that the object of the Meeting was to revive the League Saturday Competition which had disbanded during last Season. He explained that the League was prepared to offer its assistance and was anxious to see the Competition again in full swing.

Mr. Radburn expressed the opinion that the Schools would welcome the revival just as much as the League.

After a General discussion, Mr. Radburn moved Mr. Quinn seconded "THAT the League Saturday Competition be re-established." CARRIED.

It was stated that two teams could be nominated from the Perth Boys' School, one from the Junior Technical School and one from Fremantle Boys' School.

The Meeting decided that it was desirable that St. Patricks Perth, C.B.C. Fremantle, Modern & Weslie Schools could come into the Competition. That it was agreed that these Schools should be approached and that they should be given special concessions if necessary.

SEVEN STONE LIMIT.

The question of the Seven Stone Limitation of boys competing in State School Competitions was discussed.

Mr. Radburn advised that this limitation only applied to Schools up to the 6th Standard.

He reported that the matter had been fully discussed at the last Meeting of their Association when it was decided that each group or division should discuss the question amongst themselves to ascertain its desirability or otherwise.

The weight limit effected very few boys and according to the returns received by the Secretary of the Schools' Association they only totalled 15 all told.

Mr. Stooke expressed the hope that the Schools' Association would not debar any boy from playing Football if it could possibly be avoided, but he realized that the Schools themselves were the best judges of their own requirements.

The Meeting was adjourned until Friday March 24th at 4 p.m.

MINUTES OF THE MEETING OF THE EXECUTIVE HELD ON WEDNESDAY
APRIL 5th.1933.

Mr. W. Stooke in the Chair, also Mr. Snow & Mr. Rodriguez.

The Minutes of the Meeting held on April 2nd were read and confirmed.

Fremantle Suburban Association relative to unfinancial Members of Junior Organizations transferring to a higher grade.

It was decided that arrangements be made to meet Representatives of the Fremantle Suburban Association at the next Meeting of the Executive.

CONFIRMED.

W. Stooke

PRESIDENT:

Mr. W. Stooke in the Chair, also Messrs. Snow & Rodriguez.

The Minutes of the previous Meeting were read and confirmed.

The following Representatives from the Fremantle Suburban Association were also present --
Messrs. Addison, Smith & Bradbury.

The business of the Meeting was to discuss Rule 117 in its application to unfinancial members of Junior Clubs who were transferring to a higher grade.

The Representatives from the F. S. A. Considered that when a player who was unfinancial with his junior club went up to a League Club, that the League Club should make good his liability.

The view was taken by the Executive that there must be some limit to these claims and that it would be unreasonable to expect a League Club to meet a bill which would extend back many years. It was admitted that many junior clubs had but few financial members, and that these were permitted to be re-registered each year even though they were unfinancial.

Whilst agreeing that Junior Clubs were entitled to some measure of protection, it had to be recognised that the onus of collecting subscriptions was on the junior clubs themselves.

It was decided to recommend to the League that Rule 117 be interpreted as meaning:--

- (a) That a Junior Club would have a claim against a League Club on account of an unfinancial member of a Junior Club transferring to a League Club, to the liabilities of the Junior player to his club.
- (b) Such liabilities shall consist of the annual club subscription and legitimate match expenditure only.
- (c) The Junior Club shall have the right to claim liabilities not exceeding a period which shall be the immediate preceding 12 months.
- (d) The Junior Club shall submit its claim within 14 days of the Junior Player playing with the League Club.
- (e) Such claim shall be submitted to the League Club through the League and shall be set out in detail.

BASSENDAN FOOTBALL CLUB.

Messrs. Wicks, Stewart & Carrick of the Bassendean Club met the Executive to discuss details concerning their admission into the League in 1934.

TENURE OF GROUND.

It was explained to the Representatives that the League would expect a satisfactory lease of the Bassendean Oval at a reasonable rental. It was desired that a 10 Years' Lease of this ground should be secured on a rental basis of 20 or 25% with no sur-charge for the Grandstand or alternatively on a sliding scale basis of rental.

CONDITION OF GROUND.

It was pointed out that care would have to be exercised in maintaining a good growth of grass and it was suggested that it would be unwise to play cricket on the ground during next summer so as to give the ground every opportunity of being fit for League Football in 1934.

FENCING OF STAND ENCLOSURE.

It was recommended that the Road Board should confer with the League so as to have this fence in the most suitable place and satisfactorily erected.

DISTRIBUTION OF GATE RECEIPTS.

This matter was discussed informally, and it was agreed that it was a matter on which the League would have to arrive at a final decision.

DISTRICTS ASSOCIATION TEAM.

It was suggested that in the interests of Football in the district generally that the existing Clubs should retain their present status.

Mr. Wicks stated that their Committee which had been organizing this team had secured the services of a coach and that they were concentrating on the development of Junior Organizations within their own district. Their Committee was now giving attention to the framing of a constitution for the Club, and when that was completed a Public Meeting would be ~~held~~ ^{called} to establish the Club on a basis suitable to the League.

CONFIRMED.

MAY 17th. 1933.

Mr. W. Stooke in the Chair, also Messrs. Burns, Snow & Book.

CARNIVAL ARRANGEMENTS.

The Meeting was held to discuss the financial aspect of the League's participation in the Carnival.

It was realised that it was only safe to anticipate a return of £500 the guarantee of the Victorian League.

It was possible that another £100 would be added on to this amount and any further reimbursement would depend upon the success of the Carnival.

It was estimated that the League's expenditure would be at least £1000. The original estimate was £1256: a revision of the method of transport was responsible for the reduced estimate.

The following recommendations were decided upon:--

The party would comprise 23 players: a Manager and a Trainer.

The allowance for married men would be at the rate of £3 per week or £10.10s. for the trip.

The allowance to single men would be at the rate of £1.5s. per week or £4.17s.6d. for the trip.

The allowance to the Manager to be at the rate of £5. . per week or £17.10s. for the trip.

The allowance to the Trainer to be on the same basis as a player.

That £50 should be granted to cover all incidental expenditure in connection with the Team.

The Secretary was given Authority to make all purchases in connection with Uniforms, etc.

That the Team travel 2nd Class to Melbourne and 1st Class from Melbourne to Sydney including sleepers.

On the return journey the Team to travel 2nd Class from Sydney to Perth.

That the League Clubs be levied to the extent of £15 each to assist in financing the tour, such levys to be in 5 £3 payments.

In the event of the League receiving £700 from the Carnival the amount received from this levy to be reimbursed in full to the Clubs.

The team will leave Perth on Tuesday July 25th: Arrive Sydney July 30th: Depart Sydney Sunday August 13th: Arrive Perth Friday August 18th.

CONFIRMED.

The League was represented by the President, Mr. Stooke and the Secretary.

The Australian Labor Party was represented by Mr. E. Needham, M.L.A. & P. J. Trainer.

The whole of the correspondence between both parties was placed before the Conference by the President, and he suggested that before any further consideration should be given to the matter a communication which had been received from Mr. Burgess and which was regarded as most objectionable should be withdrawn.

After hearing the correspondence the Representatives of the A.L.P. requested to be supplied with copies and agreed that it would be better for the correspondence to be perused and examined before conferring again on the matter.

PRESIDENT:

MINUTES OF THE MEETING OF THE EXECUTIVE HELD ON WEDNESDAY, JULY 5th. 1933.

Mr. W. Stooke in the Chair, also Messrs. Snow & Rodriguez.

INWARD CORRESPONDENCE.

From D. Heindricks requesting the League to pay his expenses from Fremantle to Perth whilst attending Umpires' Board Meetings.

Mr. Snow moved Mr. Rodriguez seconded "THAT it be considered that it is not the custom of the League to pay expenses for Members of either the Protests & Disputes Board or the Umpires' Board." CARRIED.

From the Secretary, Goomalling Football Association asking for a ruling concerning the residential qualifications of one of their players against whom a Protest had been lodged.

It was decided to advise that provided that the player in question had not drawn a Clearance from the Association and provided that the player's home is still within their district the player would be eligible to continue to play with them. That as he has not been cleared from the Association his qualifications had not been disturbed.

From the Secretary, Avon Football Association advising that R. Grieve had played with their Kellerberrin Club against Tammin and Cunderdin, and asking

- (a) If the Protests as worded could be considered by their Board.
- (b) Does Grieve require a Clearance?
- (c) What action could the Board take in connection with the player and the Kellerberrin Club?

It was decided to advise them in terms as submitted by the Secretary.

From the Bunbury Football Association asking if they would be permitted to introduce a local rule to give players who had been refused a Clearance the right of appeal in view of the fact that League Rules dealt mostly with District Football.

It was decided to ask the Association to submit a By-Law on the lines as suggested for the approval of the League.

From the Dowerin Football Association forwarding a statement dealing with some members of one of their Clubs joining another Association under the name of their old Club and requesting information as to whether a Club could disband without Notice of Motion, and what majority of financial Members would be required to carry such Motion. Also to which team does the Assets of the 1932 Dowerin Club belong and what was the position of players who were granted clearances under a misapprehension.

It was decided to advise that in the opinion of the Executive there had been no disbanding of the Dowerin Football Club of the Dowerin Football Association, and while there were sufficient members to carry on and they were recognized as a Club by the Association the Club did not disband.

The Assets of the Dowerin Football Club were judged to have belonged to the Club registered with the Dowerin Association and any person who had received a Clearance from Dowerin required another Clearance before they were again eligible to play for that Association.

The Secretary submitted a communication which he had forwarded to the City Council which he stated had been reported that structural alterations had been made on the Grandstand at the Perth Oval and that such alterations would seriously inconvenience the Umpires, and asking that the matter of the accommodation for Umpires be kept in mind.

It was decided to inspect the alterations being made before giving further consideration to the matter.

Comment by Canberra League - The principal reason for the foregoing proposal is that, if brought about it will give the Australian game a National Hall Mark.

By the South Australian National Football League.

CONSTITUTION.

~~THAT~~ Rule 28 be amended by striking out the words "By the vote of a threefourths majority" and inserting in lieu thereof the words "on the vote of three major States or two major and two minor States". The major States under this rule for the time being shall be Victoria, South Australia and Western Australia and the minor States Tasmania, New South Wales, and Queensland.

LAW OF THE GAME.

~~THAT~~ Interpretation Number 6 be deleted and the following substituted in lieu thereof - "6. Knockball is where the ball is clearly held in one hand and knocked with the other hand"

~~THAT~~ Law 37 (VIII) be deleted and the following new law inserted: "When the ball goes out of bounds it shall be brought back to the spot where it crossed the boundary line, and be there thrown in by the umpire towards the centre of the playing space. Immediately the ball leaves the umpire's hands it shall be in play. By the Queensland Australian National Football League.

The following telegram was received from Brisbane on 21/6/33. and later confirmed by letter.

Motions submitted by Queensland for Council meeting Stop

(2) That arrangements be made for home and home matches with New South Wales and Queensland each year Stop. Letter confirming following (Signed) Bock."

DISCRETION.

Comment (1)

I am indeed sorry that I could not have these motions forwarded earlier but lettergrammed them so that you would have them in time for preparing your Agenda Paper.

Comment (2)

In the former motion we do not ask that a Team be sent from Victoria and South Australia to disorganise their Fixtures, but would be satisfied if a team were picked even from their Reserves with some star players included, so as to make a good match for Exhibition and Propaganda purposes. It is imperative that we have such a match in Queensland. The Game has advanced to such an extent that the public are demanding big fixtures to compare the Game against Rugby League, and as great trouble is being experienced in the League following, and things are very upset with that League the opportunity is now ripe for us to plant our game more firmly here.

Mr. Rodriguez moved Mr. Snow seconded "THAT the draft as submitted be approved with the exception of that portion which gives to the player whose Clearance has been refused by his Club the right to appeal to the Protests & Disputes Board." CARRIED.

INSTRUCTIONS TO UMPIRES.

The main business of the Meeting was to consider the impressions gained by League Representatives who attended the recent Carnival on the Victorian method of Umpiring and the Secretary's Report thereon which had been submitted to the League and referred to the Executive.

This business was transacted in the following order:--

1. SCRIMM AGES.

It was agreed that Umpires should be instructed to allow Scrimmages to go to the fullest extent. But any person who lays on or over the ball during the Scrimmage whether he is held or not must be free kicked.

2. LAYING ON OR OVER THE BALL.

It was agreed to instruct Umpires that any player who lays on or over the ball whether he is held by an opponent or not shall be free kicked. If any player falls on the ground and drags the ball underneath him and holds it there he is to be free kicked.

3. BOUNCING DOWN AT THE CENTRE.

Any time that a player steps into the ring whilst the ball is being bounced in the centre or until the ball has risen at least shoulder high shall be free kicked.

4. HOLDING THE BALL HOLDING THE BALL.

It was agreed that the Victorian Umpires accepted the principle of making the player in possession hit or kick the ball when held by an opponent. They penalise the player who is in possession of the ball and who does not immediately dispose of it when held by an opponent by kicking or hitting the ball. They give little or no consideration to the player who drops the ball when held by an opponent but generally penalise him.

Any attempt to spar for a free kick by dropping the ball with the obvious intention of again securing it results in a free kick being given against him. It was agreed that every time a player drops the ball when held by an opponent he drops it with the intention of regaining possession.

When a player is in possession he may be tackled and thrown back or down and no free kick given, it is play on. (Law 38. 5.) The attacker uses the player as a lever and goes forward to gather in the ball.

The player in possession when held is compelled to hit or kick the ball otherwise he may be thrown back or down and it is play on. If he retains possession when he is thrown back or down it is a free kick for holding the ball. If he drops or bounces the ball with the intention of regaining possession it is a free kick for being held whilst in possession.

If a player is held when in possession but held not sufficiently to throw him back or down, after being given a reasonable opportunity to hit or kick the ball he drops or bounces it, a free kick is given against him for holding the ball.

It was decided that each Member of the Committee should submit his ideas in writing of what should be given to the Umpires as an Instruction as to how to carry out this Law.

CONFIRMED.

PRESIDENT:

7/10/13

MINUTES OF THE MEETING OF THE EXECUTIVE HELD ON MONDAY, OCTOBER 2nd. 1933.

Mr. W. Stooke in the Chair also Mr. Rodriguez.
Mr. J. Dolan the Captain of the Carnival Team was present by invitation.

The Minutes of the previous Meeting were read and confirmed.

VICTORIAN UMPIRE.

The matter of the engagement of an Umpire from Victoria for the 1934 Season was considered.

It was ultimately decided that the proposal was not practicable, but in the event of the Carnival eventuating in 1934 the question would again be given consideration.

INSTRUCTIONS TO UMPIRES.

Consideration was again given to the matter of the methods of Umpiring as observed by our Carnival Representatives.

The following instructions were unanimously adopted for recommendation to the League.

It was also decided to request the Umpires' Board to make appointments at least one month earlier than usual so that Meetings of those selected could be arranged and the League's decisions conveyed to them.

Meetings of Coaches and Captains of League Clubs to be arranged early in the 1934 Season.

The method of imparting the instructions and interpretations be left in the hands of the Executive:

HOLDING THE MAN HOLDING THE BALL.

1. A player is deemed to be **HOLDING THE BALL** when he is held by an opponent and he still retains possession of the ball provided always that he is given a reasonable opportunity of disposing of it.
2. A player is **RETAINING POSSESSION** of the ball when he holds it, when he bounces it, when he lays on or over it, or when he drops it with the intention of regaining possession.
3. If a player is **HELD WHILE STILL RETAINING POSSESSION** of the ball a free kick shall be awarded against him **FOR HOLDING THE BALL**.
4. If he has hit it or kicked it or dropped it, whilst being pulled down or back, the decision is "play on".
5. A player is deemed to be **HELD** when an opponent grips or grasps him firmly enough to stop him, or to retard his progress or to throw him down or back.
6. If a player is holding an opponent but not strongly enough to stop him or to throw him down or back, he is deemed to be **RETARDING THE PROGRESS** of the opponent.
7. A player shall be awarded a free kick for **HOLDING THE MAN** when he is held or pulled by an opponent before he has secured possession of the ball.
8. When a player secures possession of the ball, he is expected to dispose of it and keep the game moving. Frown on anything that tends to hold up the play or create scrimmages. Make the player get rid of the ball by either hitting or kicking it. There is no merit in dropping the ball - the world's worst footballer can do that.
9. A player in possession of the ball may be tackled by an opponent, and the attacker is permitted to throw him down or back. (See Law 38 (v)). The attacker can use him as a lever and go forward to gather in the ball.

10. When a player in possession of the ball is held by an opponent and he spars for a free kick by dropping the ball, free kick him for being held whilst in possession. He has dropped the ball for two purposes only - firstly to regain possession - secondly to spar for a free kick.
11. If he does not hit or kick it, he is holding up the play by dropping it.
12. If the player still retains possession of the ball after being thrown down or back, he shall be free kicked for holding the ball.
13. Dropping the ball with the intention of regaining possession or bouncing the ball is not relinquishing possession.
14. If a player in possession is held by an opponent but held not sufficiently to throw him down or back, give the player a reasonable opportunity to dispose of the ball by hitting or kicking it.
15. If a player is in the act of hitting or kicking do not blow that whistle.
16. If there is any doubt as to whether it is holding the man or holding the ball, the decision is holding the ball.
17. Players must adopt what is the fundamental principle of football i.e., get it, dash, kick.
18. If the player can break free from the first grasp of an opponent, let him go.

SCRIMMAGES.

Let the scrimmages go on until the ball is worked out. But if any player lays on or over the ball during a scrum, free kick against him.

LAYING ON OR OVER THE BALL.

Free kick any player who lays on or over the ball whether he is held by an opponent or not. If any player falls to the ground and drags the ball underneath him and retains it there, free kick against him.

BOUNCING DOWN AT THE CENTRE.

Everytime that a player steps into the circle at the bounce down until the ball has risen **SHOULDER HIGH**, award a free kick against him.

GENERAL.

Penalise anything that tends to hold up the play. Such as the player who drops the ball when held with the obvious intention of regaining possession or sparring for a free, or who lays on or over the ball.

Do not give a free kick if it will penalise the side no matter how palpable or apparent it is. If you see that the player entitled to the free or a player on the same side can get away with the ball, let him get away with it. But call out loudly "Play on".

But no player is permitted to take the ball in **FRONT** of the spot where the free kick was given.

Insist on the man in possession disposing of the ball as quickly as possible by hitting or kicking it.

Allow full liberty to the attacking player to throw the opponent who is in possession down or back. That is "Play on".

But the attacking player must grasp the opponent below the shoulders and above the knees.

Do NOT give the player who is thrown down or back a free kick.

Do not penalise trivial breaches, PARTICULARLY IN FRONT OF THE GOALS within goal getting distance.

Penalise the slightest interference with a player who is going for a mark.

Also rigidly penalise the player who in any way interferes with an opponent when the ball is more than five yards away.

When a scrum occurs wait for the ball to be kicked out. Free kick the player who lays on or over the ball thus creating the scrum.

Strictly free kick any player who bumps or backs into an opponent when the ball is more than five yards away.

Permit side pushing. If there is any doubt as to the push being on the side or on the back, give the benefit of the doubt to the side push.

Report immediately without warning, any player who elbows or kicks or strikes an opponent.

Do not be afraid to check a player who may be inclined to become over rash. A timely warning by telling the player to steady up, is appreciated.

Insist on players standing on the proper mark.

Allow the players liberty in kicking the ball off the ground, but permit no unnecessary rough play.

MINUTES OF THE MEETING OF THE CONFERENCE HELD ON THURSDAY, OCTOBER 5th.'33.

Mr. W. Stooke in the Chair.

There were also present Messrs. Doig & Brown (East Fremantle), Wayman & Winch (South Fremantle), Hendy (Claremont-Cottesloe), Book, Jones & Thomas (East Perth), Ryan & Brown (Perth), Snow, Buggins, Brady & Green (Subiaco). There were no Representatives from West Perth.

The President extended a welcome to the Officials of the various Clubs and gave a brief outline of the reasons for the calling of the Conference.

He explained that a position had been reached where the numerous inducements being offered to our players by Victorian Clubs is causing considerable perturbation. If this continued it would necessarily result in the standard of football in Western Australia being considerably lowered. He expressed the opinion that it was time that this League took some steps to protect its own interests.

Mr. Thomas asked what attitude the League would adopt in the event of a member of the 1933 Carnival Team who had signed a contract with the League making application for a Clearance to Victoria.

The President replied that it would be automatically refused as the player had signed after reading the contract.

Mr. Book moved Mr. Jones seconded "THAT all Clearances to Eastern States Clubs be refused by this League with the exception of those players who are legitimate in the opinion of the Clubs to whom they belong; but in the case of a Club granting a Clearance a transfer fee of £200 be charged, such fee to be paid to the Club concerned.

Mr. Snow moved an Amendment seconded by Mr. Hendy "THAT all Interstate Clearances be referred to the Clubs concerned and that the League honorably agree to abide by the decision of the Club, and that the Club concerned be permitted to levy a transfer fee if they think it necessary."
CARRIED.

Mr. Ryan moved Mr. Book seconded "THAT any Western Australian player who applies for a Clearance to the Eastern States shall place before his Club Committee the proposal made to him from such Eastern States Club. The terms and conditions of such proposal shall be submitted in writing and shall be signed by the President and the Secretary of the Club making the proposal."
CARRIED.

Mr. Book moved Mr. Ryan seconded "THAT the considered opinion of this Conference which is Representative of the Clubs of the W.A.N.F. League is that the action of some of the Clubs of the Victorian Football League in offering inducements to players of other States to leave their home States is not deemed to be in the best interests of Football throughout Australia."

The business of the meeting was to meet Mr T.S.O'Halloran, the President of the South Australian National Football League, who was visiting the State. Mr O'Halloran was deputed by his League to discuss the matter of interstate matches with South Australia.

The President, Mr Stooke, after formally expressing our pleasure at having an opportunity of welcoming Mr O'Halloran to the West, mentioned that Western Australia would be happy indeed to renew interstate visits with South Australia.

Mr O'Halloran explained that the matter had been discussed by his League and whilst there was a general disinclination to incur further losses on such visits, his League was anxious to continue these engagements. He thought that a satisfactory financial basis could be determined.

After discussion it was agreed that the following should be submitted for consideration:-

1. That the States should play each other once per year alternately.. The net gate receipts to be divided on a 70/30 basis, the 70% going to the visitors.
Note. In connection with this proposal, two matches would be played when South Australia visited Perth, but only one match would be played when Western Australia visited Adelaide.
2. That home and home matches in each year be played. The net gate receipts to be divided on a 60/40 basis. This proposal also would provide for two matches in Perth and one in Adelaide.

MINUTES OF THE MEETING OF THE EXECUTIVE HELD ON WEDNESDAY MARCH 14th 1934.

Mr W.Stooke, in the chair, also Messrs Rodriguez and Snow.

The Minutes of the previous meeting were read and confirmed.

BASSENDEAN DISTRICT CLUB.

As a team from this District would compete in the League competition during the current season, consideration was given by the Executive as to what financial basis the new Club would be on in the matter of gate receipts

The admission of the new Club will mean the playing of an extra 21 matches, which must mean a consequent increase of revenue, with a possibility of increased dividends during the first round of matches.

The final round of matches on the present basis of equal division plus the £25 allowance to the Club's competing in the final round, would result in that revenue being divided by eight instead of seven.

In view of the foregoing, the Executive after examining the position, decided to recommend as follows:-

- a. That the Club from the Bassendean District be admitted into the League on an equal basis with the existing Clubs.
- b. That the allowance to the Clubs playing in the final round be increased from £25 to £30.

BOUNDARY FOR NEW CLUB.

It was decided to recommend that the Executive delineate a District for the new Club and report to the League for adoption or otherwise.

PRESIDENT.

THE UNITED STATES OF AMERICA
1945
14th 1944

Mr W. Stooke in the Chair, also Messrs. De la, Davies, Toll, Bell and Allen.

Mr Stooke outlined the reasons for the Conference and stated that the matter of Umpires and umpiring has been recently considered by the League. He stressed the necessity for co-ordination between the League Advisory Committee and the Umpires Board, in the matter of the carrying out of Umpires of the instructions which had been authorised by the League. Mr Stooke instanced cases of where some Umpires had definitely failed to give effect to those instructions.

Mr Toll expressed the opinion that more frequent meetings with the coaches was a necessity, as it appeared to him that in some instances, coaches and also players were considerably to blame for their lack of knowledge of the laws of the Game and the instructions issued. He suggested that Clubs should be requested to see that their players are well coached on these matters.

Mr Allen expressed the opinion that the Umpires accept the view that the Board had been over looked in the matter of the issuing of instructions to Umpires ~~on~~ the laws of the game, and he was of the opinion that these should come from the Chairman of the Umpires Board.

Mr Davies deplored the rather unfair criticism of Umpires, which was not altogether justified. He was rather timorous about dropping men until more one better is available to take their place. He recognised that some Umpires were doing better work than others, but the difficulty was to secure better men.

It was agreed that the next meeting of the Umpires Board should be held on Tuesday next August 21st at 7.45 p.m., and that a meeting of selection in law should be held at 6.15 p.m., in conjunction with the League Advisory Committee with a view to further impressing upon the Umpires, the necessity of giving effect to the new instructions.

THE NATIONAL FOOTBALL ASSOCIATION OF IRELAND AND
THE IRLAND'S FOOTBALL ASSOCIATION OFFICIALS AND CLUBS' MEETING
Held at Thurley Hotel 10th 1934

Mr W. Stooke in the Chair, also Messrs. McKee, Brown, Walker, Deerin, etc.

The Association being represented by Messrs. Guthrie, Richards and McKee etc.

The meeting welcomed the opportunity of discussing matters with the Association, although it was not to Schools and Juniors, and expressed their regret that it had been done in that direction by their Association.

Mr Guthrie outlined the assistance given by his Association to Schools and Juniors from their district up to this year, that assistance had been given by the Schools, but an endeavouring to render their activities more year, their clubs were told by the teachers that their services were not required. Other codes had been freely introduced into the schools and as they were not able to do anything about the matter as an Association, they decided to go further and approach the League.

Mr Richards was very concerned about the matter, and their work was being somewhat retarded by the absence from schools of football. He mentioned that the Old Players Association could do an immense amount for the schools, which would have a beneficial effect later on. He asked could not the League do something to get the game going in the schools, and he suggested that if the national game was not fostered it would be squeezed out. He was prepared to submit, but the League should realize the position and get in, if not this year then next year.

Mr McRobbie supported the previous statements.

After a general discussion, it was agreed:-

1. That this Conference be adjourned until the 4th week in February 1935.
2. That Messrs. Guthrie be circulated relative to the advisability of forming Old Players Associations, and asking that two delegates be sent to each Club to attend the Annual Meeting of the West Irish Old Players Association, which will be held on Wednesday September 19th.
3. That at the Conference in February, invitations be extended to Messrs. J.J. Simons, F. Bray, J. Tucker to attend.

INSTRUCTIONS TO UMPIRES.

Holding the Ball

1. A player is deemed to be HOLDING THE BALL when he is held by an opponent and he still retains possession of the ball, provided always that he is given a reasonable opportunity of disposing of it.
2. A player is RETAINING POSSESSION of the ball when he holds it, when he bounces it when he lies on or over it, or when he drops it with the intention of sparring for a free kick.
3. If a player is HELD WHILE STILL RETAINING POSSESSION of the ball a free kick shall be awarded against him FOR HOLDING THE BALL.
4. If he has hit it, or kicked it, or dropped it, whilst being pulled back the decision is "play on".
5. A player is deemed to be HELD when an opponent grips or grasps him firmly enough to stop him, or to retard his progress, or to pull him back.
6. If a player is holding an opponent but not strong enough to stop him or to pull him back, he is deemed to be RETAINING and PROTECTING the ball.
7. A player shall be awarded a free kick for HOLDING THE BALL when he is held or pulled by an opponent BEFORE he has secured possession of the ball.
8. A player in possession of the ball may be tackled by an opponent, and the latter is permitted to pull him back. The attacker can go on and on and go forward to gather in the ball.
9. When a player in possession of the ball is held by an opponent and is given a free kick by dropping the ball, free kick him for being held whilst in possession.
10. If the player still retains possession of the ball after being pulled he shall be free-kicked for holding the ball.
11. If a player in possession is held by an opponent but held not sufficiently to pull him back, give the player a reasonable opportunity to dispose of the ball by hitting or kicking it.
12. If a player is in the act of hitting or kicking the ball do not blow the whistle.

13. If there is any doubt as to whether it is holding the man or holding the ball, the decision is holding the ball.

14. Players must adopt what is the fundamental principle of football, i.e. get it, dash, kick.

15. If the player can break from . . . the first grasp of an opponent, let him go.

Scrimmage

Let the scrimmages go on until the ball is worked out. But if any player lies on or over the ball during a scrimmage, free kick against him.

Lying on or Over the Ball.

Free kick any player who lies on or over the ball whether he is held by an opponent or not. If any player falls to the ground and drags the ball underneath him and holds it there, free kick against him.

BOUNCING down at the CENTRE

Every time that a player steps into the circle at the bounce down until the ball has risen shoulder high, award a free kick against him.

Handball

Handball is when the ball is clearly held in one hand and knocked with the other hand. But the ball must not be thrown off the hand before it is knocked. Be strict in seeing that this is proper handball.

General

Penalise anything that tends to hold up the play. Such as the player who drops the ball when held with the obvious intention of sparring with an opponent or who lies on or over the ball.

Do not give a free kick if it will penalise the side no matter how palpable or apparent it is. If you see that the player entitled to the free or a player on the same side can get away with the ball, let him get away with it. But call out loudly "Play on."

No player is permitted to take the ball in FRONT of the spot where the free kick was given.

Allow full liberty to the attacking player to pull back the opponent who is in possession of the ball.

The attacking player must grasp the opponent below the shoulders and above the knees.

Do NOT give a free kick to the player who is pulled back whilst in possession of the ball.

Do not penalise doubtful breaches particularly IN FRONT OF THE GOAL within goal-kicking distances.

Penalise undue interference with a player who is going for a mark.

Strictly penalise the player who in any way interferes with an opponent when the ball is more than five yards away.

When a scrimmage occurs wait for the ball to come out. Free kick to the player who lies on or over the ball thus creating the scrimmage.

Strictly free kick any player who bumps or backs into an opponent when the ball is more than five yards away.

Permit side pushing. If there is any doubt as to the push being on the side or on the back, give the benefit of the doubt to the side push.

Report immediately, without warning, any player who elbows or kicks or strikes an opponent.

Do not be afraid to check a player who may be inclined to become over rash. A timely warning by telling the player to steady up is appreciated.

Insist on players standing on the proper mark.

Allow the players liberty in kicking the ball off the ground, but permit no unnecessary rough play.

PRESIDENT.

MINUTES OF THE CONFERENCE HELD ON WEDNESDAY FEBRUARY 27th, 1935. RE-
PRESENTED REPRESENTATIVES OF THE LEAGUE AND REPRESENTATIVES OF THE EAST
PERTH JUNIOR PLAYERS AND OFFICIALS ASSOCIATION.

Mr. W. Slooke in the chair, also Messrs. Sny, Penrose, Book, Brown and Webb. Messrs J.J. Simons and F. I. Bray were present by invitation, and an apology was received from Mr J. Tucker. The East Perth Junior Players Association were Represented by Messrs. Guthrie, Macobbie and Richards.

The Minutes of the Previous meeting were read and confirmed.

The President extended a cordial welcome to those present and expressed the League's appreciation of their interest in the project of the meeting. He considered that assistance to schools and juniors was a sound proposition, and hoped that some concrete proposals would result from the meeting. He was particularly pleased to welcome Messrs. Simons & Bray who had done so much in the days gone by in the interest of schools and Junior football. Mr. Guthrie mentioned the activities of his association in connection for schools and juniors.

Mr. Richards stated that some of the coaches engaged by his association had reported that Rugby was being introduced into the schools and that some schools would not play Australian Football, as they could not receive any assistance from the League. When asked to specify these schools Mr. Richards said he could only mention St. Patrick's. He thought it was necessary to protect the schools and juniors.

Information was sought concerning the assistance given to schools by the League in the East Perth District, and it was proved that all schools had been informed of the assistance afforded by the League, and that all schools in the East Perth District, including St. Patrick's, had availed themselves of that assistance.

Mr. Bray did not approve of the existing system, and suggested that we ought to revert to the system in operation in days gone by, and that the League should finance it.

At the suggestion of Mr. Book it was decided to recommend to the League as follows:-

1. "THAT a new body be created whose business shall be to assist in the promotion of the National game with the co-operation of the State Schools Amateur Sports Association."

2. "THAT body to comprise three representatives from the League with the President & Secretary Ex. Office, three representatives from the Schools Association and Messrs. J.J. Simons & F.I. Bray."

3. "The new body shall have control of all moneys made available to it by the League."

4. "THAT the money to be made available by the League shall be the existing 2½% Schools & Juniors deduction, plus 4½% of the existing overdraft and Ground Account deduction, with a maximum of £250. The amount to be made available for a period of one year only."

5. "PENDING a final decision is arrived at by the League, the new body shall submit a budget of anticipated expenditure."

The matter of assistance to Junior Organisations was set out for specific attention at a later date, but the understanding was that any expenditure in connection with juniors would come from that amount made available to the new body.

MINUTES OF THE CONFERENCE HELD ON WEDNESDAY, MARCH 20th, 1935, BETWEEN THE PERMIT COMMITTEE AND REPRESENTATIVES OF THE W.A. NATIONAL FOOTBALL ASSOCIATION.

Mr. W. Stooke in the chair, also Messrs. Rodriguez, Book, Deering, McKee, Neilson, Winch, Elliott and Snow.

The Association being represented by Messrs. Henkle, Young and Vann, Mr. F. I. Bray was also present, and an apology was received from Mr. J. J. Simons.

The communication from the Association set out that the Association experienced a very unsatisfactory season during 1934, and complained of the laxadassical manner in which the affairs of the majority of the Association Clubs had been conducted.

The financial statement showed that FIVE of their Clubs were in debt to the Association to the extent of £51-17-10, that their cash assets amounted to £1-0-8, and that they owed various Ground Authorities £34-2-6.

The Representatives of the Association were prepared to concede that the exsisting economic conditions hit the Junior teams more than anybody else, and that Association Clubs were too prone, generally speaking, to depend on their League clubs. They could see no hope of successfully carrying on unless some alterations were made.

Various suggestions were made to improve the position, of which the following were the most prominent.

1. For the League Club to take over absolute control and select a first and second Eighteen.
2. That graduation to the League Teams from Juniors in the district should be definitely through the Association team.
3. That a certain number of over-age players should be permitted to play with the Association team.
4. That the League club subsidy to their Association team should be paid on specified dates.

Discussion ensued as to the desirability of imposing an age limit on the Fremantle Suburban Association, but their proposal was not favoured.

Ultimately the following decisions were arrived at.

Mr Neilson moved, Mr Winch seconded, "THAT Association Clubs be permitted to play SIX over-age players in any match. The inclusion of these SIX over-age players to be subject to the approval of the League Club." CARRIED.

Mr Bray moved, Mr Elliott seconded, "THAT a player who is residing in a League club district, other than a player who has come into the district on clearance, shall graduate through the Association team by playing with such team before being eligible to play with the district League team. This rule shall not operate for the first FOUR playing dates in each season, or after the first round of matches has been concluded." CARRIED.

Mr Book moved, Mr Elliott seconded, "THAT to finance Association Teams the sum of £2-10-0 be deducted from each League club's dividend with a maximum of £20, such amount to be handed to the Association, also that each League club pay to its Association club an amount of £10 in cash or kind per annum." CARRIED.

Mr Book moved, Mr McKee seconded, "THAT the League advance the amounts owing by the Association to the various Ground Authorities, and that the League recoup itself by deducting from the dividends of those League Clubs whose Association Clubs are in debt at the rate of £2 per dividend, the Association/indebtedness being as follows:- Clubs

| | | |
|-----------------|----------|----------|
| South Fremantle | £14-18-0 | |
| Claremont-Cot. | £11-13-6 | |
| Subiaco | £2-8-6 | |
| Swan Districts | £18-3-1 | |
| Victoria Park | £4-14-9 | CARRIED. |

It was also decided that the Association should instruct its Clubs to forward a statement of affairs each month to its League club, and that the League committee be earnestly requested to do everything possible to facilitate the smooth working of the Association clubs.

It was decided that a deputation consisting of Messrs. McKee and Winch with power to. adj. meet the Fremantle Trotting Association with a view to securing dates on that Ground.

It was resolved that a Conference be held at a later date to ascertain how the affairs of the Association were progressing, it being realised that for the League to hold control of the various grounds, the functioning of the Association successfully was a necessity.

REPORT OF THE COMMITTEE.

The committee has received a report on the account previously ren-
 dered, the amount of \$10.00 was omitted. The previous receipt
 was for \$10.00 and it was found that the full
 amount was not paid, as the bill returned has not
 been received. It was decided to advise accom-
 panying Mr. B. Smith.

Committee Report. In connection with their account for
 1929, advising that although there was nothing in the agree-
 ment, they considered that a promise had been given that when
 the International Civil was not used by the League, a payment of
 one guinea would be made.

The Committee considered that the report was under a wrong
 impression relative to the President's understanding. The
 President's guaranteed payment for the ground was used by the
 W.A.S.P.A. was not required by the League for League matches.
 At the time of that guarantee being given, the International Civil
 was used by the Stan District W.A.S.P.A. team but that team
 was since played at Llandudno.

As the report was under the impression that they had a moral
 claim, the Committee recommended the payment of the account,
 three guineas of such account to be collected from the P.C.A.
 The report was advised that in future, the liability of this
 account will be recommended.

SPECIAL COMMITTEE APPOINTED TO CONSIDER DATES FOR THE
PERTH CITY COUNCIL.

There were present Messrs. Reid and the Secretary, Mr. Book being absent in the country.

It was decided that it might be inadvisable to hold a conference with the Rugby and Soccer authorities only to try and arrange dates to suit. This decision was arrived at owing to the fact that Lacross, Men's Hockey, Women's Hockey and Baseball, were interested in any dates available.

It was decided to suggest certain dates in the hope that the Council would grant same. It was recognised that if the Council declined to accept those suggested dates, the League would have to accept whatever dates were decided upon by the Council, unless adjustments could be made.

1936.

Mr. W. Stooke in the chair, also Messrs. Hendy and Hamley, Ledger, Deering and Jeffery, Brown and Mc Kee, Walker and Neilson, Winch and Morris, Whitbread and Sheedy, Penrose and Snow.

As the lighting system had failed, no meeting could be held. An informal discussion resulted in decisions being arrived at on the following matters.

UMPIRES COACH PRESS ARTICLES

The Umpires Coach, Mr. Collins, has been submitting articles to the press. It was considered that these articles should first be authorised by the League. It was resolved that Mr. Collins be instructed to forward all articles to the press, to the League, before they are published. It was resolved that the Executive be authorised to confer with Mr. Collins to discuss any matters relative to instructions to Umpires, and to supervise all articles for the press on that subject.

RULING

The question of a ruling on the following was considered.
"If a player goes for the ball on the goal line just in front of the goal line, and he does not hold it in the first attempt, but secures it in the second attempt. Between the first contact with the hands, and the completion of the mark, the ball passes over the goal line, is it a behind or a mark?" After discussion it was decided that it would be a behind.

MINUTES OF THE MEETING OF THE EXECUTIVE HELD ON WEDNESDAY, 26th May, 1937.

Mr. W. Stooke in the chair, also Messrs. Snow and Rodriguez.

INWARD CORRESPONDENCE.

Merredin Association, asking for a ruling on the following: "Does a player desiring to play with a Club affiliated with this association need a clearance from a Club, which has been disbanded, and which was affiliated with an Association which is also disbanded," or is a Permit sufficient. It was decided to advise that providing that a controlling body is definitely satisfied that both Club and Association was disbanded, a Permit only would suffice. Any player from a disbanded Association who plays with an existing Association would require a clearance before he can play in any other Association.

J. L. Burley, relative to Footballs not being up to standard. A further letter from Mr. Burley was received on this subject, in which he stated that temporary shortage of leather was due to an increased output of his footballs. That position has now been overcome and he was able to supply full requirements.

Mr. Burley attended to discuss the matter with the Executive and gave full details concerning the business. He stated that to get the best possible service, it would be advisable for League Clubs to deal direct with the makers. The shortage of leather was due to the activities of the Armament firms in America and on the Continent. He suggested that League Clubs should have the first selection from the Makers, similar to the position in Victoria. As a result of the discussion Mr. Burley guaranteed to supply direct to Clubs their full requirements for League Matches, so that these Matches should be played with the best quality ball. It was agreed that Mr. Burley be given permission to write the Clubs on these lines.

AND SOUTH FREMANTLE CLUBS.

Mr. W. Stooke in the chair, also Messrs. Book, Snow and Jeffery representing the League, and Messrs. Brown and Cinnoria, East Fremantle, and Messrs. Winch and Caple, South Fremantle.

APOLOGY.

An apology was received from Mr. Neilson.

The President outlined the object of the Conference, setting out that in the past considerable difficulty had been experienced in making satisfactory arrangements with the various Ground Authorities. In many instances the League had been forced to pay higher Ground rentals than were paid in any other part of Australia.

As agreements have been entered into with four Grounds for a period of Years, it was very desirable that more Agreements should be arranged. He suggested that ways and means of arranging an Agreement with the Fremantle Council for a term of a proximately five years be discussed.

It was agreed that the League would be prepared to guarantee that all the Home Matches of East and South Fremantle would be played on the Fremantle Oval in the event of satisfactory arrangements being made.

It was decided that the League should approach the Fremantle Council for a Conference with its Parks and Ovals Committee with a view to arranging an Agreement, and that such Conference be arranged at an early date.

FREE ADMISSION OF CHILDREN.

The matter of the Free Admission of Children to League Matches, other than Final round matches was referred to the Finance Committee for investigation, and Report.

It was ascertained that in the past the admitting of Children free to League matches resulted in the grounds being literally over-run with Children, both before the match, during the match, and after the match. The League was compelled to take action to prevent this, and then arrived at the decision to admit Children free to all matches after the match had started. This also developed in to a problem, Children hung around the gates in hundreds.

The League then introduced half price admissions, so that Children now go to matches at the only half price of 3d.

Half price admissions are a source of revenue to the League.

Up to June 26th of this year there were 11,577 half price admissions, which represents £194. 18s. 3d.

It was decided to recommend to the League that there be no alteration in the existing position.

Returned to the Committee for their consideration for their tour of the Tour.

This matter was adjourned for further consideration.

To ascertain what Mr. Collins had been in the Impires Room at the match played on June 20th on the Fremontle Oval received consideration. Mr. Collins was present, and stated that he never went into the room, he walked along the hallway before the match, but did not speak to the Impires.

He was advised that the League decision was to be adhered to, and the League would have no objection to him entering the Impires Dressing Room after the match. Secretaries had received the all clear from the Impires on the conclusion of the game.

Mr. Collins stated that he appreciated the spirit of the League's instruction, and he had no intention of flouting the decision of the League.

ST. JOHN'S AMBULANCE.

Messrs. Hartnett, Robinson and Annan were present to discuss with the Executive, incidents where they considered that Club trainers were interfering with their work.

Considerable discussion ensued on the matter, and it was suggested that they should give consideration to appointing an Ambulance Officer to each Club or Union of Clubs, who would co-operate with the Club Head Trainer. The services of the Ambulance Officers were greatly appreciated, but it was to be recommended that the responsibility of players was on the Club Committee of Management.

The Delegation undertook to give this matter consideration at their next Meeting.

RE-INTRODUCTION OF A COUNTRY WEEK, HELD ON FRIDAY, 15th OCTOBER,
1937.

Mr. W. Stokes in the chair, also Messrs. Rodriguez, Black and Whitbread.

Figure 1. Schematic representation of the experimental design. The subjects were divided into two groups: the control group (n = 10) and the intervention group (n = 10). The control group received a standard physical therapy program, while the intervention group received a physical therapy program with a focus on core stability. The subjects were assessed at baseline, 4 weeks, and 8 weeks. The primary outcome was the change in the Oswestry Disability Index (ODI) score. The secondary outcome was the change in the Visual Analogue Scale (VAS) score. The subjects were also assessed for the presence of low back pain (LBP) and the duration of LBP.

It was decided that the votes for the "S.A. 11" 1928 should be collected in the League Rooms on Tuesday, September 11th at 1.15 p.m.

NEW RULE.

In connection with communications received from Country Associations urging the necessity of fixing a time limit in which attention should be given to clearances it was decided on the motion of Mr. Henson, seconded by Mr. Book "that the following rule be adopted:-

94 A:- With the exception of Clubs within the League, if a player shall have applied to his Club for a clearance to another Club, and such Club shall not reply to such application within twenty-one days after the same shall have been forwarded by the Secretary of the Controlling Body to which the player desires to transfer to the Secretary of the controlling body in which the player claims to be registered, or playing, then the clearance applied for shall be deemed to have been granted. MINUTES OF THE MEETING OF THE EXECUTIVE, HELD ON WEDNESDAY,
SEPTEMBER 13TH, AT 5 P.M.

Mr. Stooke in the chair, also Messrs. Book and Nielsen.

BUSINESS.

The business of the Meeting was to consider the Secretary's Report as hereunder—

"On Friday, September 9th, an appointment was made with Mr. Krantz to go into the matters of Ground improvement. It was agreed that I should submit to the League the following points:—

- (1) The area, position of posts, and direction of playing arena to remain unaltered.
- (2) The distance between the boundary line and the arena fence to be as it is at the moment.
- (3) The playing arena to be moved eastward, the distance to be determined at a later date.
- (4) The playing arena to be shifted north twelve feet.
- (5) A sunken footway to be provided on the Southern side of the Oval to have a retaining wall, and protecting fence.
- (6) The proposed tunnel underneath the Members Enclosure to be reduced to 12 feet and one wall of the tunnel to be the southern wall of the Members Stand building. Doors and steps from the Members Stand floor to the top of the tunnel to be adjusted to the League's satisfaction.

NOTE:— The top of the tunnel will be four feet above the floor level of the Members Reserve and four feet underground. I would recommend if it is possible that the tunnel be five feet underground and three feet above.

Once the plans are agreed upon by the Council and the League the Architect and Town Clerk propose that the work shall be done in sections.

From a football requirement point of view I very strongly recommend that the first year's work should comprise the building of retaining walls at the back of the existing ramps on the western end, to allow filling to be proceeded with immediately.

The second year's work should be the removal of the arena fence, the shifting of the playing arena, and the building of the tunnel.

These recommendations are made, having in mind, that we have Collingwood and Victoria coming here in 1939, and it would be better not to disturb the playing arena during that season. It would be better to do that in 1940, when a Carnival will be held in the Eastern States and the Perth Club will be away on tour, even though we may have the Amateur Carnival played here."

This Report was adopted subject to the height of the tunnel being reduced to seven feet and that if possible the tunnel be five feet underground and two feet above.

SEPTEMBER 21ST, 1938.

Mr. W. Stooke in the chair, also Messrs. Brown Dinneen, Snow and Nielsen.

The following players were present:- Messrs. Richardson, Reeves, Gook, Crowe, Fitzgerald, Ryan, and Oliphant.

The Meeting was the outcome of a request from the players before-mentioned that they should be permitted to express their reasons why the ban recently imposed on them should be removed.

Each player was given an opportunity to express his views and all denied that their behaviour whilst on tour was of such a nature that warranted the ban being imposed on them. They contended that had never disobeyed any instructions. With the exception of Mr. Richardson they all admitted that they had been brought before the management in Adelaide, but, with the exception of Messrs. Reeves and Oliphant, stated that they were only brought before the management to ascertain their form and as to whether they were physically fit. Messrs. Reeves and Oliphant admitted that they were spoken to in connection with an over indulgence of drink.

After the players retired the Committee gave consideration to the position and when the players were called in they were advised as follows:-

"That the Committee is convinced that there is no doubt that they did not faithfully observe all conditions contained in the Agreement.

Any consideration as to whether the punishment already inflicted is sufficient to meet the case must be the subject of a further inquiry when the Co-Managers, Messrs. Book and Reid would be present."

It was agreed by the Committee and the players that no public statement of any description would be made concerning the business or the decisions of that particular meeting and when the matter is brought before the League it would be simply reported as being inadvisable to make any report at the moment.
